### FALL 2010-2011

### *Reading the Prophets in the 21<sup>st</sup> Century*.....Peace UCC

The Old Testament prophets were immersed in the religious, political, and social realities of their own times, seemingly so different from ours. Yet they spoke to them so powerfully that their words echo across the centuries. Although their language is not necessarily ours, their speeches still illuminate our own social, political, and religious questions. This course will help you hear the accents of these ancient voices in order to bring their sense-making power to your own deep questions and struggles.
